Interests

Profile

Visual designer with a **strong digital profile** and a passion for **creative problem-solving**. I create design solutions that **combine aesthetics, functionality**, and communication – from **branding** and **concept development** to **UX/UI** and **content for both digital and print media**.

I work in Adobe CC and have experience with **photography, video, animation, social media, and more**. I thrive in **interdisciplinary collaborations** and approach every task with curiosity, responsibility, and attention to detail.
